Olivér Kovács: An International IT Service Firm – A Case Study on Workplace Innovation	25
Executive Summary	25
An international IT service firm – A Case study on ‘Workplace Innovation’ Abstract	27
1. Introduction	27
2. Methodology	30
3. Theoretical and empirical evidence on telework as a form of organizational innovation	32
4. Short profile of the company	37
5. Source of growth and development – The prerequisites of an impulsive innovation process.....	40
Box 3. The motivation behind the introduction of workplace innovation and its main circumstances	43
IITS represents a case of the introduction of telework imperatively for practical reasons (e.g. operating on a global scale with time differences) and to increase employees’ satisfaction rather than to boost profits.	44
6. Conclusion	52
References	53
Olivér Kovács – Ágnes Orosz: An Innovative High Growth SME. Case Study of NEXON - The role of non-technological innovation in a payroll, labour and HR management firm in Hungary	58
1. Introduction – Background and scope	58
