REGULARITY PROPERTIES OF FUNCTIONAL EQUATIONS

This work is supported by project
FEFA 1328
ISSN 1416-0935

Pécs, 1996

TABLE OF CONTENTS

1	Introduction	1
2	Notations and terminology	7
3	Steinhaus type theorems	11
4	On continuity of measurable solutions	23
5	On local Lipschitz property of continuous solutions	29
6	On continuous differentiability of locally Lipschitz solutions	43
7	On higher order differentiability of solutions	45
8	Applications	49
	References	72
