

# OPHTHALMOLOGY TODAY

Proceedings of the VIIIth Congress of the European Society  
of Ophthalmology held in Lisbon, Portugal, 16–20 May 1988

*Organized by:*

Portuguese Society of Ophthalmology

*Editor:*

**L.N. FERRAZ DE OLIVEIRA**

Serviço Universitário de Oftalmologia

Hospital de Egas Moniz

Lisboa

**EXCERPTA MEDICA, Amsterdam – New York – Oxford**

# CONTENTS

## MAIN THEME

Immunological aspects of uveitis <i>A. Kijlstra, G.S. Baarsma, O.H.E. Boekel-Visser, L. Lujendijk, M.E.H.M. Fortuin, C.M.C. Schweitzer, P.M.E. Wertheim and A.C. Breebaart</i>	3
Experimental uveitis models: Immune response and therapeutic approaches <i>Y. de Kozak</i>	13
Electroretinographic studies in experimental allergic uveitis <i>M.R. Stanford, J. Robbins, E. Kasp, S. Suleyman and D.C. Dumonde</i>	21
Immunogenetical aspects of uveitis <i>T.E.W. Feltkamp</i>	27
Does autoimmunity play a role in human uveitis? <i>J.V. Forrester, J. Liversidge, H. Towler, K. Froebel and S. Urbaniak</i>	37
Pathogenesis of acute anterior uveitis with special reference to HLA <i>K.M. Saari</i>	51
Anterior uveitis in seronegative arthritis <i>M. Blagojevic, V. Mladenovic and D. Kovacevic</i>	61
Immunology of Fuchs' heterochromic cyclitis <i>P. Murray</i>	63
Intermediate uveitis <i>E. Vadot</i>	67
Posterior and pan uveitis <i>A.G. Secchi</i>	69
Tuberculosis in the etiopathogenesis of uveitis <i>P. Vassileva</i>	73
Behcet's disease in 1988 <i>P.P. Pezzi</i>	81
Ocular infections associated with the acquired immunodeficiency syndrome <i>G.N. Holland</i>	95
Therapy in ocular toxoplasmosis <i>A. Rothova, H.J. Buitenhuis, C. Meenken, G.S. Baarsma, T.N. Boen-Tan, C. Schweitzer, Z. Timmerman, J. de Vries, M. Zaal, A. Kijlstra and P.T.V.M. de Jong</i>	103
Inflammatory disorders of the choriocapillaris <i>J.J. De Laey</i>	109
Prevention of congenital toxoplasmosis <i>E. Bloch-Michel, M. Sibillat, P. Cerqueti and J.C. Timsit</i>	113
New developments in the therapy of uveitis <i>A.C. Martenet</i>	115
When should uveitis treatment be stopped? <i>E. Bloch-Michel, M. Offret, S. Chhor, H. Offret and D. Patarin</i>	123

**NEW DEVELOPMENTS**

Applications cliniques du laser a colorants <i>G. Coscas</i>	127
New applications of semiconductor laser for retinal photocoagulation <i>R. Brancato, G. Leoni and G. Trabucchi</i>	135
Refractive corneal surgery <i>A.D. McG. Steele</i>	141
A computer program for the calculation of the back radius of cut for aphakic epikeratophakia lenses <i>B.L. Halliday</i>	145
Fluorophotometry of the lens <i>J.A. Oosterhuis and J.A. Van Best</i>	153
Corneal fluorophotometry. Indicator of epithelial and endothelial functions <i>M. Spitznas, C. Ohrloff and F. Koch</i>	159
Posterior segment fluorophotometry <i>G. Coscas and J.G. Cunha-Vaz</i>	167
What the future holds for ocular fluorophotometry? <i>J.G. Cunha-Vaz</i>	173
Computer optics of the eye with respect to cataract extraction and intraocular lens implantation <i>T. Olsen</i>	179
Clinical applications of digital image analysis in ophthalmology <i>M. Stur</i>	185
Computerized perimetry <i>B.P. Gloor</i>	191
Computer assistance in medical diagnosis and therapeutic decision-making <i>J.C. Hache and E. Mancel</i>	197
Magnetic resonance imaging (MRI) in proptosis and orbital masses <i>W. Wiegand</i>	201
The demonstration of gliomas of the optic pathway by MRI <i>J.V. Byrne</i>	211

**ROUND TABLE DISCUSSIONS**

Le traitement chirurgical des esotropies avec l'incomitance loïn-pres <i>A. Roth</i>	215
Surgery of the extra muscle palsies <i>G.V. Catford</i>	219
Surgical treatment of the Brown and Duane's Syndromes <i>M. D'Esposito and P. Aurilia</i>	229
Surgery of the vertical squints <i>M.H. Gobin</i>	237
Intraocular expansible gas in retinal detachment treatment (I.R.G.E.) <i>M. Sanchez-Salorio and C. Capeans</i>	243

Treatment of retinal detachment with macular hole by pneumoretinopexy <i>R. Brancato, U. Menchini and A. Scialdone</i>	251
Treatment of retinal detachment by repeated injection of an expansible gas (SF <sub>6</sub> ). A study of 100 cases <i>C. Capeans and M. Sanchez-Salorio</i>	257
Pneumocausis (gas and burn surgery for retinal detachment) <i>A. Dominguez</i>	263
Argon and Yag laser for the treatment of glaucoma <i>G.P. Theodossiadis, S. Kokolakis, R. Ritch and W. Schrems</i>	271
Factors in the success of argon laser trabeculoplasty <i>R. Ritch and R.N. Weinreb</i>	279
Vitrectomy in uveitis <i>J.-P. Dernouchamps, L. Dralands, R. Klöti and S. Limon</i>	291
Classical immunosuppressive versus cyclosporin-A treatment <i>J.-P. Dernouchamps, E. Graham, A.C. Martenet and P. Pivetti-Pezzi</i>	297

## DIDACTIC SESSIONS

Age-related macular degeneration (AMD) <i>J. Castro-Correia and co-workers</i>	305
Ophthalmology in diabetes <i>G. Brooser</i>	315

## FREE PAPERS

### Eye tumors, diagnosis and treatment

Treatment of retinoblastoma with 106-RU/106-RH plaques <i>P. Lommatzsch and R. Lommatzsch</i>	325
MRI detection of optic glioma <i>R.J.W. de Keizer and J.G. Vielvoye</i>	329
Survival rates of patients with malignant choroidal melanoma after conservative treatment <i>H. Zygulska-Mach, M. Ksiezzyk, Z. Maciejewski and T. Gedliczka</i>	331
Surgical treatment of the invasive cyst in the anterior chamber <i>P. Gugutchkova-Iantchuleva, I. Kamenov, K. Lenis and H. Linardi</i>	333
A clinical classification of dysthyroid ophthalmopathy <i>Y. Inoue and T. Inoue</i>	335
Cytological diagnosis of corneal melanoma <i>P. Orosi and M. Török</i>	337

### New developments in ophthalmology

Long-term follow-up of lens change with Scheimpflug photography in diabetics <i>R. Dobbs, J. Smith, S. Bates, T. Chen, W. Knowles and O. Hockwin</i>	339
---	-----

Double masked efficacy and safety evaluation of Iodoxamine 0.1% ophthalmic solution versus opticrom 2% – a multicentre study <i>G. Fahy, D.L. Easty, L. Collum, P. Lumbroso, M. Ober, P. Verin, I. Mackie and A. Verstappen</i>	341
Development of a multi-purpose piece of equipment for anterior eye segment biometry <i>K. Sasaki, Y. Sakamoto and T. Shibata</i>	343
Computers and epidemiology <i>J.R. Thompson</i>	345
Variations in progression of 4-point clusters in the visual field <i>H. Dunbar Hoskins Jr., N. Jensvold, M.D. Zaretsky and J. Hetherington</i>	349
Quantitative methods to evaluate the optic nerve head <i>R.M. Davies</i>	351
A method of measuring pupil-blocking force in the human eye <i>T. Kondo</i>	353
Power spectrum analysis of ultrasonic radio-frequency signals in vitreous diseases <i>S. Tane and Y. Kimura</i>	357
Image processing analysis of fundus lesions <i>J.R. Faria de Abreu, J.J. Pedroso de Lima, A.M.S. Pereira, M.A. Raposo, R. Proença and J.G. Cunha-Vaz</i>	361
Modeling of transport of immunoglobulins and albumin through hematoocular and hematoencephalic barrier <i>N. Štambuk</i>	363
Computerized fluoroangiography as a method of evaluation of the activity of a drug on retinal microcirculation <i>L. Azzarelli, M. Chimenti, O. Salvetti, M. Baldacci, G.B. Gervasi, P. Ammannati, D. Siravo and A.M. Wirth</i>	365
Laser treatment of epithelial iris cysts <i>C. Brito Suarez and F. Honrubia Lopez</i>	367
<b>Uveitis</b>	
Posterior uveitis in a splenectomised child: Case report <i>N. Stempels, M.J. Tassignon, J. Ramet and P. Salu</i>	371
Study of the therapeutical efficiency of clindamycin, pyrimethamin, spiramycin and trimethoprim-sulfamethoxazole on experimental acute ocular toxoplasmosis <i>M.J. Tassignon, M. Brihaye, F. de Meuter, F. van Hoof, N. Stempels and F. de Wilde</i>	373
Ophthalmologic manifestations of Behcet's disease <i>H. Chams, A. Sadeghi-Tari, Z. Aalami-Harandi, F. Davatchi and C. Chams</i>	375
Hyper IGE induced uveitis in Iran <i>S.M.A. Sajadieh, T. Mahjoor, T.S. Rafiee, Y. Bahrami, Basandeh, M. Azadh and M.S. Pirooz</i>	379
Multifocal choroiditis, vitiligo and Poliosis <i>K.F. Tabbara and B. Kutscher</i>	381

Intraocular penetration of cyclosporine <i>K.F. Tabbara, S.S. Gee, H. Alvarez and H. Cooper</i>	383
Ocular manifestations in patients infected with human T-lymphotropic virus type I (HTLV-I) <i>N. Ohba, M. Sameshima, F. Uehara, K. Unoki, A. Uemura, S. Hirashima, Y. Kabayama, M. Matsumoto and M. Osame</i>	385
Pulse cyclophosphamide (PCP) in ophthalmologic manifestations of Behcet's disease <i>F. Davatchi, H. Chams, F. Shahram, M. Akbarian, M.R. Hatef, C. Chams and Z. Aalami Harandi</i>	387
Infections of the eye caused by <i>Acanthamoeba polyphaga</i> <i>M. Tost, G. Ockert, A. Müller and D. Sandow</i>	391
Results of etiological investigations in uveitis <i>A. Ducasse, A. Segal, E. Mathot and E. Tabare</i>	395
Therapeutic approach to exsudative retina detachment in the course of uveitis with different etiology <i>B. Petrovski and D. Marinova</i>	401
A definite serological diagnosis of ocular toxoplasmosis <i>R. Friedrich, S. Klein, W.A. Müller, G. Henne and W. Hartmann</i>	403
Cyclosporine in ophthalmology <i>Z. Trzcinska-Dabrowska and J. Chyla</i>	405
Pars plana vitrectomy in treatment of endophthalmitis <i>H. Linardi and P. Gugutchkova-Iantchuleva</i>	407
Ocular manifestations in aids and related syndromes: Frequency, prognostic value and evolution <i>P. Pivetti-Pezzi, S. Brocato, S. Tamburi and S. Da Dalt</i>	409
Cyclosporin-A in the treatment of severe uveitis <i>G. Palimeris, G. Theodossiadis and L. Constantinidou</i>	413
Acute anterior uveitis in clinical practice <i>A. Machado, L. Miguéis, L. Serra and P. Jorge</i>	417
Immunological studies of recurrent anterior uveitis and therapeutic attempts with transfer factor <i>I. Hána, J. Stara, J. Boguszaková, C. Dostál and J. Pekárek</i>	421
Chronic anterior uveitis (new developments in therapy) <i>H.-J. Fricke, S. Klein, B. Wittwer, K.-D. Schröder and S. Tilgner</i>	425
Natural history of ocular involvement in chronic rheumatic disease in children <i>A. Casellato, D. Colombo, G. Mancarella, V. Gerloni, F. Fantini and M. Gattinara</i>	427
Irisangiography in different forms of uveitis <i>U. Demeler</i>	431
Our observations on the relationship of uveitis and genetic determination <i>V. Štambuk, K. Karaman-Kraljević, N. Štambuk and J. Ožegović</i>	433
Uveitis survey: Preliminary results of a retrospective study <i>J. Palmares, M.F. Coutinho and J. Castro-Correia</i>	435
Ocular manifestations in Behcet's syndrome <i>J. Palmares, M.F. Coutinho, D. Araujo and J. Castro-Correia</i>	437

Diagnosis and therapy of ocular toxocariasis <i>I. Süveges and M. Vègh</i>	439
Les cryoglobulines chez des iridocyclites <i>S. Bošnjakovska and B. Bolenakovič</i>	441
Microvascularization of the rabbit's anterior uvea: Carteolol effects <i>J. Goyri O'Neill, A. Cardoso, L. Ferraz de Oliveira and J.A. Esperanca Pina</i>	443
Indications and results of 500 vitrectomies in uveitis with vitreous changes <i>S. Limon and C. Sarnikovski</i>	445
Benefits of examining the vitrectomy fluid <i>S. Liotet and S. Limon</i>	449
Ocular complications in juvenile rheumatoid arthritis. Surgical management <i>P.M. Felix, R.P. Casaroli, M. Ciaschetti and J.L. Riquelme</i>	451
<b>Conjunctiva and infection</b>	
In vitro and experimental study on the efficiency of ofloxacin in ocular infections <i>M.A. Zato, A. Muro, J.F. Gil de Bernabe and J. Prieto</i>	455
Atypical presentations of Acanthamoeba keratitis <i>L.A. Ficker, R.M. Morris and P. Wright</i>	465
Studies on the risk of contamination for preservative-free ophthalmic drops <i>H.W. Holtmann and H.G. Sahl</i>	467
Cross-reactivity of histocompatibility class II antigens on corneal Langerhans cells <i>E.B. Nikolova, E.K. Evtimov and I.T. Goranov</i>	473
Flurbiprofen: An inhibitor of prostaglandin synthesis <i>J.K. Cheetham and A. Gwon</i>	477
ERG study after silicon oil injection in the vitreous cavity <i>M. Moschos, M. Apostolopoulos and S. Gotsis</i>	479
Hereditary mesectodermal dysgenesis of the anterior segment of the rabbit eye – clinical and pathological findings <i>P. Alemany, S. Jimenez and J. Jordano</i>	483
<b>New treatment in strabismus and pediatric ophthalmology</b>	
Visual capacity and dyslexia <i>J.J.M. Sauter</i>	487
Public health visual screening programme in pre-school infants – a morbidity study <i>J.A.C. Laranjeira, L.N. Ferraz de Oliveira, J.L. Doria, E. Ferreira, L. Queiroz and P. Silva de Sousa</i>	489
Ocular penetrating wounds in children <i>E. Gutierrez-Diaz, E. Mencia-Gutierrez, A. Gutierrez-Diaz and M. Ferro-Osuna</i>	491
Key to a successful treatment: Early diagnosis and compliance <i>J. Lithander, M. Abrahamsson and J. Sjöstrand</i>	493
<b>The dry eye and the wet eye</b>	
Classification of allergic conjunctivitis <i>Ph. Verin, P. Compte, J. de Casamayor and A. Verstappen</i>	495

The dioptric power of the tear film <i>R. Gomes da Luz</i>	499
Influences of topically applied beta-adrenergic blocking agents on tear secretion <i>S. Hommura, K. Kono, K. Takita and T. Kabata</i>	501
Collagenase in normal and pathological tears determined by microtiter plate method <i>A. Berta, M. Punyiczki and J. Tözsér</i>	503
<b>Retina – vitreous</b>	
Quantitation of lens clarity changes in idiopathic epiretinal membrane (ERM) surgery patients <i>R.E. Dobbs, F. Lambrou, S. Bates, T.M. Aaberg, H.F. Edelhauser, H. Laser, U. Eckerskorn and O. Hockwin</i>	507
Treatment of age-related macular degeneration by laser photocoagulation. Visual results 2–4 years after initial laser treatment <i>N. Vesti Nielsen, E. Gregersen and E. Scherfig</i>	509
Management of acute retinal necrosis with intravenous foscarnet <i>H. Saraux and B. Pelosse</i>	513
Pathophysiological reasons for subretinal fluid drainage <i>A. Stankiewicz, J. Buczek and A. Lazarczyk</i>	515
Therapeutic use of SP 54 in case of fundus disease <i>S. Láng and A. Moll</i>	517
Treatment of selected retinal detachments by pneumatic retinopexy <i>St. Baltatzis, M. Micha and A. Voudouri</i>	519
Treatment of serous detachment of the choroid by intravitreal injection of expansible gas <i>M. Sanchez-Salorio, C. Capeans, J. Marey and M.J. Copena</i>	523
Results of vitrectomy with silicone oil for advanced proliferative vitreoretinopathy <i>A. Travassos, I. Regadas and A. Boaventura</i>	525
SF <sub>6</sub> gas in the treatment of retinal detachment due to tears of the posterior pole (except macular holes) <i>M. Apostolopoulos, M. Moschos, Chr. Koutsandrea and D. Brouzas</i>	527
Haemodilution therapy in retinal artery occlusion <i>S. Wolf, A. Hoberg, B. Bertram, C. Teping and M. Reim</i>	531
Gyrate atrophy. A clinical case <i>E. Brandão, F. Falcão-Reis, M.F. Coutinho and J. Castro-Correia</i>	535
Retinal pigment epithelial cell interactions with retinal microvascular endothelial cells <i>M. Boulton, H.C. Wong, A. Singh, C. Lane and D. McLeod</i>	537
Ageing of the retinal pigment epithelium (RPE) – A biochemical study <i>L. Cabral, E. Bouma, W. Unger and M. Boulton</i>	539
Experimental study of the changes on retinal vessels around the retinal tear <i>A. Obana, K. Shiraki and T. Miki</i>	541
Ophthalmological follow-up of diabetic patients after kidney transplantation <i>L. Laatikainen, A. Ekstrand, J. Ahonen and L. Groop</i>	543

Long-term follow-up of visual results after diabetic vitrectomy <i>P. Summanen and L. Laatikainen</i>	545
Vitreous microsurgery for traction macular detachment associated with proliferative diabetic retinopathy <i>J.F. Vigo, J.F. Sabugal, J.L. Castro and J. Fandiño</i>	547
The relationship between the non-perfused area and development of the neovascularization on the disk in diabetic retinopathy <i>N. Ando</i>	549
Effect of calcium dobesilate on the blood-retinal barrier in early diabetic retinopathy <i>E.B. Leite, M.C. Mota, J.R. Faria de Abreu and J.G. Cunha-Vaz</i>	551
Vitrectomy in the proliferative diabetic retinopathy <i>S. Pavlović, M. Ignjačev, S. Latinović and Z. Tomić</i>	553
Possibility of choriocapillary occlusion by dye laser photocoagulation under experimental subretinal hemorrhage <i>T. Miki, A. Obana, K. Inoue and K. Shiraki</i>	555
The effects of repeated photic exposures on the monkey macula: A clinicopathological study <i>J.M. Borges and M.O.M. Tso</i>	557
Low-contrast visual acuity in multiple sclerosis <i>A. Penne, M.L. Luppi and S. Marforio</i>	559
Indometasin – an effective drug? <i>H.J. Jensen</i>	563

### Optical and surgical refractive correction

Ultrastructural studies of cell deposits on the surface of IOL optics <i>H. Ueno, A. Tamai, Y. Mokudai, K. Mimoto and T. Moriki</i>	565
Iridectomy and funduscopy in black diabetic patients undergoing intraocular lens implantation (IOL) <i>J. Dzikowski</i>	569
Comparison of the results with IOGEL <sup>R</sup> and Kratz-style PMMA intraocular lenses <i>P.J.M. Bucher and R. Faggioni</i>	571
Lens implantation in children <i>G. Stiegler</i>	575
Randomized clinical trial comparing silicone and hydrogel soft IOLS to standard PMMA lens <i>A. El-Maghraby</i>	579
The role of the ophthalmologist in the detection of sexually transmitted diseases caused by chlamydia trachomatis <i>F. Belloir-Furet</i>	583
Cytopathological study of trachomatous keratitis <i>M.H. Emarah, A. Abu-Elasrar, L. Missotten and P.C. Maudgal</i>	587
Bromovinyldeoxyuridine (BVDU) treatment of herpetic eye infections <i>P.C. Maudgal and E. De Clercq</i>	589

Problems in the surgical treatment of late congenital and traumatic cataract in children	
<i>D. Andreanos, E. Iliakis, P. Ekatomatis, G. Georgopoulos and J. Vergados</i>	593
The evaluation of macular function by laser interferometry	
<i>R. Herzeel, H. van Verre, M. Brihaye-van Geertruyden</i>	597
Monitoring corneal physiology during extended wear	
<i>O.D. Solomon</i>	599
Prediction of pseudo-phakic anterior chamber depth from pre-operative data	
<i>K. Naeser, J. Boberg-Ans and R. Bargum</i>	603
Contrast sensitivity in epikeratophakia	
<i>R.A. Harper and B.L. Halliday</i>	607
Botulinum toxin induced ptosis in the management of corneal ulcers	
<i>C.M. Kirkness and G.G.W. Adams</i>	609
Two hundred cases of radial keratotomy, clinical results, complications, predictability	
<i>E.K. Syrbopoulos</i>	611
Penetrating keratoplasty for bullous keratopathy after antero-posterior radial keratotomy	
<i>A. Murakami, A. Kanai and A. Nakajima</i>	615
Granular corneal dystrophy: Two variants	
<i>E.G. Weidle</i>	617
Ocular Muenchhausen's syndrome – report of three cases	
<i>I. Raivio, T. Tervo, G.-B. van Setten, A. Leppävuori and A. Tarkkanen</i>	621
<b>Intraocular lens</b>	
Biomechanics and biocompatibility of soft intraocular lenses	
<i>R. Guthoff, J. Draeger, G.K. Lang and F. Abramo</i>	625
Incidence and management of capsule rupture during extracapsular cataract surgery	
<i>J. Murta, J.G. Cunha-Vaz, A. Travassos and I. Regadas</i>	627
<b>Contact lenses</b>	
Gas-permeable lenses for extended wear and in the treatment of problem cases	
<i>E. Leonardi, A. Carones, A. Nistri and V. Fenicia</i>	629
Different adherence of <i>Pseudomonas aeruginosa</i> to hydrogel contact lenses	
<i>T. Rodriguez-Ares, J.A. Duran, C. Garcia-Riestra and A. Malvar</i>	633
Analysis of tears in contact lens wearers using high performance liquid chromatography	
<i>B.C.P. Polak, A. Kijlstra, L. Luyendijk and A. Boonstra</i>	635
Contact lenses tomorrow	
<i>F. Smulders</i>	637
Good care systems lead to good compliance – so what is the problem?	
<i>H.J. Kersley</i>	639
Clinical assessment of corneal endothelium in contact lens wearers	
<i>J.H.C. Kok</i>	645

Epithelium corneen et lentille de contact <i>Ch. Marechal-Courtois</i>	651
The permanent wearing of hard gas permeable contact lenses: The daily prescription <i>G. Elie and M. Levadoux</i>	655
Contact lenses today <i>F. Smulders</i>	659
<b>Cornea</b>	
Expression and distribution of class II HLA-antigens in third-degree chemical burns of the human conjunctiva and cornea <i>H.-J. Thiel, U. Richter, M. Zierhut and C. Müller</i>	661
Basic fibroblast growth factor (bFGF) enhances epithelial wound healing in alkali burned corneas <i>P. Cuevas, F. Carceller, A. Esteban, A. Baird and R. Guillemin</i>	665
The ultrastructural basis of important functional complexes of the conjunctival epithelium <i>K.-P. Steuhl</i>	667
<b>New developments in clinical or surgical treatment of glaucoma</b>	
The role of Molteno drainage implants in glaucoma management <i>E. Ancker</i>	671
Evaluation of trabeculectomy combined with intrascleral iridencleisis in glaucoma surgery <i>K. Gerkowicz and M. Gerkowicz</i>	673
Changes in the architectonics of trabecular meshwork in glaucoma <i>J. Novák, S. Řehák, J. Hrochová and J. Vaculík</i>	675
The wing flap in trabeculectomy <i>K.D. Teichmann</i>	677
The effect of differential brain hemisphericity induced by forced unilateral nostril breathing on regulation of intraocular pressure <i>N. Matamoros, J. Backon and U. Ticho</i>	679
Two-stage silicone drainage tubing in the management of post-keratoplasty glaucoma <i>C.M. Kirkness</i>	681
Administration of low dose 5-FU released from collagen rod <i>K. Fujita and A. Nakajima</i>	683
<b>New achievements in electro-physiology</b>	
Pattern ERG recorded by skin electrodes cannot predict, but correlates with visual field defect in early ocular hypertension and glaucoma <i>M. Hawlina and B. Stirn-Kranjc</i>	685
Protective effects of a yellow filter against 'the blue light hazard' <i>S.E.G. Nilsson, O. Textorius and B.-E. Andersson</i>	687

Clinical, electroretinographic and histochemical features of acute chalcosis in experimental and clinical conditions <i>V. Mičović and S. Milenković</i>	689
Visual evoked potentials (VEP) elicited by shifting coloured patterns in patients with multiple sclerosis (MS) <i>J. Frederiksen, H. Larsson and E. Zrenner</i>	693
VEPs and early changes of the retina and optic pathways in type I diabetics <i>F. Ponte, M. Lauricella, M. Anastasi and G. Giuffrè</i>	695

### Miscellaneous

Reconstruction of the highly contracted socket with the antral mucosa <i>Y. Tanabe, T. Asano and M. Masaki</i>	697
Low vision clinic in Japan <i>M. Ishida, K. Yanashima and A. Nakajima</i>	699
Incomplete type congenital stationary night blindness <i>Y. Miyake, N. Shiroyama and M. Horiguchi</i>	701

### GENERAL

Actualites sur la lutte contre le trachome <i>G. Coscas</i>	705
Kerato-conjonctivites allergiques et trachomateuses en Guinée-Bissau et Cabo-Verde: Aspects cliniques et therapeutiques <i>D. Martins, J. Doria, F. Inocencio, J. Fadiá and A. Bivar</i>	709
A double-blind comparison of picloxydine dihydrochloride (VITABACT eye drops) and sulfacetamide eye drops in the topical therapy of trachoma <i>A.G. Obikili, E.O. Oji, R.O.A. Shonekan and P. Otti</i>	711
Preliminary considerations of the medical treatment of cataract <i>B. Silvestrini</i>	715
The problem of blindness in the third world <i>B. Thylefors</i>	723
The 5 major blinding diseases. Part I: cataract, glaucoma, onchocerciasis (with reference to Zaire) <i>K. Maertens and K. Gombe</i>	727
Blinding trachoma <i>H.S. Adala</i>	731
Nutritional blindness in Africa (Xerophthalmia) <i>H.S. Adala</i>	735
The role of Western ophthalmologists in a developing country <i>H.S. Adala</i>	739
The role of the ophthalmic surgeon in developing countries with specific reference to sub-Saharan Africa <i>K. Carey</i>	743
Courses on ophthalmology in the tropics <i>G.J. Johnson</i>	747

The training of ophthalmologists in French-speaking developing countries <i>Ph. Verin, P. Comte and D. Fritsch</i>	749
Blindness prevention programme in Western Africa – Republic of Guiné-Bissau and Cape-Verde Islands <i>A. Cardoso</i>	753
The use of short term visits in a long term eye care programme in developing countries <i>J.C. Vrijghem, S. Nietvelt and F. Haustrate</i>	755
Mobile eye care tours in Southern Africa <i>A.A. Stulting</i>	757
Ophthalmological diagnosis without sophistication <i>M.H. Emarah</i>	761
The importance of the detection of glaucoma by the examination of the optic disc in developing countries <i>G. Peigne</i>	763
Technologie intermediaire en opthalmologie <i>K. Maertens</i>	769
